

ALUMNI ASSOCIATION OF FORDSON HIGH SCHOOL
MEETING OF SUB-COMMITTEE ON DEVELOPMENT OF THE
ASSOCIATION'S WEB SITE
JANUARY 3, 2008

Present: Rudah Saghir, Richard Abdullah, Dan Bitar, Ganelle Shooshanian, Maureen Ewasek, Janet Doty

Richard Abdullah asked members of the Board to meet at his home to review and evaluate the Web site he has produced for the Fordson Alumni Association. While this was the initial reason for the meeting, it also afforded the group a chance to review concerns about the accuracy of the membership enrollment and division of duties among the officers.

Ganelle Shooshanian has undertaken the task of establishing an accurate membership data- base. She described her concerns about errors and the need for immediate input of application information to the existing data-base. These concerns were partially addressed to her relief and suggestions to avoid future problems were made and accepted.

President Rudah Saghir has enlisted Dan Bitar, treasurer to assist in future record keeping. Dan has taken care of submitting checks for the funding requests. It was suggested that he check to see if the requests were forwarded to the Board of Education for approval and recognition.

The group then viewed and commented on the web site created by Richard Abdullah.

They were very impressed with the work he has done. The suggestions for revision were few. Richard's own suggestions for the advertising of business cards and scrolling possibilities were

well received.

Richard showed the group the Wikipedia link on our web site that brought up a very impressive fund of information on Fordson High School and its illustrious alumni.

Because this group had covered most of the agenda of the January 14th meeting and had a fair representation of members, Rudah suggested that we cancel the January meeting and meet again on March 10, 2008, the next approved date. Everyone agreed that made sense.

Richard immediately sent out a bulletin to that effect.

Respectfully submitted,

Maureen Ewasek, Secretary
